14th Rebreather Reunion Hemmoor Germany

When: 09th til 11th of September, 2022

Where: Lake "Kreidesee Hemmoor" **Navigation:** N 53.70 E 9.13

Who: All ambitious rebreather divers
and who are interested in rebreather diving

What: Get together for diving and skill training, talking about our
experiences, presentations

Workshop:

Optimization of decompression strategies in the diving practice

Philipp Preßmann (M.Sc. Public Health) and Sven Kues

(Specialist in anaesthesia, diving physician, emergency doctor) will collect data with O'Dive-Sensor (Ultrasound Doppler Technology) of Azoth Systems at the lake Kreidesee and present their results as well as additional thoughts about optimization of decompression strategies of the individual diving practice in the **evening session**..

Besides the O'Dive-Doppler also the very first individualized dive computer „Odyssey“ (Release 2022) will be presented in the workshop and can be tested as well. We are looking forward to an interesting conversation and your participation. Details will come later with a time schedule.

More ...

... information about the lake and its dive base is available under www.kreidesee.taucher.de.

Accommodations are available directly at the lake (www.kreidesee.de). Further there are a lot of holiday apartments in Hemmoor.

We will start on 09th of September around 2pm at entry 1. Later on we plan our legendary barbecue session at the lake.

On Saturday 10th around 1pm we take our group photo and 1:15pm the workshop from above will take place.

At 6pm the restaurant "Zur Linde" is open for us. The evening session about decompression strategies will start around 6:30pm. The dinner is ready around 07:30pm. After that there is small talk until open end. For more information please check out our facebook group Rebreather Reunion Kreidesee Hemmoor.

NOTE::

Our rebreather event is a private non commercial event and free of charge. Additional costs like diving fee, expenses for accommodations or restaurant have to be covered by each guest or diver.
